**SMART Temps Sites & Equipment**

21 Schools, 21 SMART Guards, 40 SMART Shields

**Why did you buy the Smart Temps program?**

- We saw the value in the food we served being safer with SMART Temps.
- We could monitor the safety of our food from receiving to serving.

**How has it helped you with compliance issues?**

- We were in compliance before, but now the information we obtain through SMART Temps is more accurate.

**What part of the program has been most valuable to you?**

- Improved the quality of the food we prepared.
- Safety of the children – food cooked properly.

**How has Smart Temps saved you time, money and improved product safety?**

- Several times the system saved our inventory as a result of equipment breaks down.
- Saves time overlooking each kitchen logs – not wading through paperwork.
- No lost product since we started with SMART Temps.

“Saves time overlooking each kitchen logs – not wading through paperwork”
